However, it seems that not everyone can do that. All, but few. However, even if you are among the latter, not all you may hear a song or a record. From the very beginning, when you started playing the piano, you have listened to classical and heavy metal. However, you could be interested in more contemporary genres, such as hip-hop, R&B, or pop. Regardless of your choice, you can forget about mastering a new technique and start playing already to make your own music. However, if you have never played any instrument, you may be concerned. We have found a solution for you! The Vocals Rider is an innovative plug-in that helps you start playing right now. This VST plug-in has three modes: Normal mode: In this mode, you may bring in your input into the plugin and adjust the input gain, panning, dynamics, EQ, filters, compression, gain automation, feedback, etc. Sounds: In the Sounds mode, you may select an instrument and adjust the input levels. Also, you may adjust all the mentioned parameters, including the input and output. Vocals: In the Vocals mode, you may switch between all the synthesized voices that are available in the plugin. Also, you may tweak all the mentioned parameters. Instrument: In the Instrument mode, you may create a virtual instrument. You may adjust the length, levels, and dynamics. Also, you may add effects. The list of available effects is very comprehensive. Among them are distortion, flanger, reverb, noise gate, and many others. With the Vocals Rider, you may easily learn any instrument and start playing. You can even take the lessons given by our experts! If you are ready to take your first steps in the music world, this is the right plugin for you!
